FOR IMMEDIATE RELEASE

iTAC Smart Factory Solutions at IPC APEX 2017

MONTABAUR, GERMANY–JANUARY 2017 – iTAC Software AG announces it will feature its advanced planning and scheduling, business intelligence, and real-time factory dashboards in booth #2619 at the upcoming IPC APEX Expo, scheduled to take place February 14-16 in San Diego, CA.

The next revolution in manufacturing involves creating Smart Factories that utilize IoT solutions to achieve new levels of productivity and efficiency. iTAC Software AG will be exhibiting its latest Smart Factory solutions at the IPC APEX EXPO 2017 in San Diego. On display will be the latest version of the iTAC.MES.Suite, which uses IoT technologies to serve as the nerve center of any Smart Factory. Features on exhibit will include:

- **Advanced Planning & Scheduling**, which utilizes machine, material, tooling and worker constraints to automatically produce an optimized production schedule
- **The iTAC.BI.Portal**, a web-based business intelligence solution for delivering interactive Big Data reporting and analysis
- **2D and 3D dashboards**, including customizable visualizations that display up-to-the-second KPIs.

These and other features will be on display at APEX 2017 in San Diego. For more information, stop by booth #2619 or visit www.itacsoftware.com.

###

About iTAC Software AG

iTAC Software AG, an independent company of the mechanical and plant engineering group Dürr, provides Internet-enabled information and communication technologies for the manufacturing industry. Founded in 1998, the company is one of the leading MES providers in Germany. The iTAC.MES.Suite is a cloud-based Manufacturing Execution System that is used worldwide by companies in different industry sectors such as automotive manufacturers and suppliers, electronics/EMS/TC, medical technology, metal processing and energy. Additional services and solutions for the implementation of the requirements of Industry 4.0, such as the iTAC.IoT.Suite, round off the portfolio. ITAC's philosophy is connecting people, data and systems.

iTAC Software AG has its headquarters in Montabaur (Germany) as well as a branch in the USA and a global partner network for sales and services.

The Dürr Group is one of the world's leading mechanical and plant engineering firms. Products, systems and services offered by Dürr enable highly efficient manufacturing processes in different industries. Business with automobile manufacturers and their suppliers accounts for approximately 60% of Dürr's sales. Other market segments include, for example, the mechanical engineering, chemical and pharmaceutical industries and the woodworking industry.
